## SUMMER NATURE CAMP

An educational experience awaits your child at the Museum's

### 2024 SUMMER NATURE CAMP!

Studying science and history helps children to know and understand the world around them. The Museum offers your child this opportunity in a safe, fun, and educational setting. Through non-traditional teaching techniques, campers are encouraged to explore science, animal behavior, history, and their local environment using interactive lessons and educational games and crafts.

Our facilities include classroom areas, the Discovery Room, and a 40-acre park, all used to enhance your child's learning experience. Staff members are experienced teachers and, to ensure personalized instruction, classes are kept small, with a teacher to student ratio of 1:10. Classes fill up quickly, so register soon! For more information, please call (979) 776-2195.

**Week 1 (June 3 - June 7) Fabulous Flyers**

Fascinated with flight? Principles of flight apply to both aircraft and animals. Learn about the special features that allow birds and other animals to take flight. We will also explore how humans have used the physics of flight to create amazing flying machines.

**Week 2 (June 10 - June 14) Spy Camp**

Put your observation skills to the test! From understanding fingerprints, deciphering secret codes, and writing messages in invisible ink, we'll learn about some of the chemistry, physics, and engineering behind spy tricks.

**Week 3 (June 17 - June 21) Explorers & Expeditions**

Have a knack for observing nature? There is so much to explore on land, in the water, and in the skies. Experience close encounters with nature as we study the age of exploration and learn about early explorers' adventures.

**Week 4 (June 24 - June 28) Prehistoric Pals**

Travel with us through time to learn about the prehistoric creatures that once roamed the Earth! From trilobites to dinosaurs to giant Ice Age animals, we'll dig through fossil records to discover fascinating facts about these mysterious prehistoric creatures.

**JULY 1- JULY 5 NO CAMP THIS WEEK**

**Week 5 (July 8- July 12) Mesoamerican Empires**

Join our fun as we explore past civilizations in Mesoamerica, a geographical region unique in legends and lore, diverse ecosystems, with a rich culture and history. We'll learn about the Mesoamerican peoples/regions' agricultural advances, early calendar systems, and one of the first recorded writing systems in the Americas.

**Week 6 (July 15- July 19) Slugs, Bugs, and More**

What's creepy and crawly and calls your backyard home? If you like spiders, frogs, snakes, and other misunderstood animals, don't miss this week! We'll examine these often overlooked neighbors, learn why they are important, and discover how to watch out for them.

**Week 7 (July 22 - July 26) Life Down Under**

Australia's climate extremes have created diverse habitats that are home to unique animals such as koalas, kangaroos, and kookaburra's. Get ready to explore life down under with us as we explore the continent of Australia and its amazing flora and fauna.

**Week 8 (July 29 - Aug 2) Aquatic Adventures**

From puddles to the deep blue sea, aquatic critters thrive in a wet environment. Join us as we soak up facts about water and the animals that call it home. (Water Play Day will be held on Aug. 2<sup>nd</sup>).

**Week 9 (Aug 5 - Aug 9) Cool Conservationists**

Who protects, manages, and restores Earth's natural resources? Conservationists! This week we'll hear incredible stories about famous advocates for the environment and their important work around the world. We'll also investigate how junior conservationists can help in their own backyard.

**TIMES**

Monday-Friday  
9:00 a.m. to 3:00 p.m.

**PRICES**
